

Collapsible TAM Tents

TAM 18

TAM 36

TAM 54

TAM 70

Sturdy, collapsible frame tent for all uses

Our TAM tents consist of a **robust, aluminium alloy frame** with ruggedized hinges and a **PVC cover that is hung from the frame**. The frame structure contains an **integrated rope and pulley system** which facilitates deployment and dismantling and allows for compact transport and packing. Fitted with hinges, the complete frame can be collapsed and folded for storage in very little time.

The shelter design allows for a **single stage deployment** of the outer skin, integrated flooring and inner liner simultaneously. **Once hung to the frame, the outer skin and inner liner naturally stretch into position**. The main outer skin of the shelter is manufactured using heavy-duty polyester fabric coated on either side with a fully waterproof, anti-fungus and UV resistant PVC layer.

Available Equipment:

- Lighting,
- Insulation liner
- Flysheet
- Inner partitioning
- Sleeping cabins
- Rigid flooring
- Connecting corridors
- Entrance vestibules
- Custom-built container/vehicle sluice
- HVAC
- Logos

Set up:

10 to 30 minutes,
2 to 5 people

Load Resistance:

- Wind: 100 km/h
- Snow: 50 kg/m²

Colours:

- White
- NATO Green
- Sand

- Heavy-duty frame and cover
- No tools required
- Tactical design
- Modular design for flexible deployments
- Fully water-proof and black-out cover
- Suitable for first responders and army troops
